“I Can” Math Statements

- I can count to at least 100 by ones and tens.
- I can write whole numbers from 0-20 and recognize number words from 0 to 10.
- I can represent a number of objects with a written numeral 0-20.
- I can count up to 20 objects arranged in a pattern. Count up to 10 objects in a scattered configuration.
- I can recognize sets of 1 to 10 objects in a patterned arrangement and tell how many without counting.
- I can identify whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group.
- I can compare the values of two numbers from 1 to 20 presented as written numerals.
- I can use objects, drawings, and an equation to represent addition and subtraction within 10.
- I can solve real-world problems that involve addition and subtraction within 10.
- I can describe the position of objects and geometric shapes in space using the terms inside, outside, between, above, below, near, far, under, over, up, down, behind, in front of, next to, to the left of and to the right of.
- I can compare two- and three-dimensional shapes.
- I can make direct comparisons of the length, capacity, weight, and temperature of objects, and recognize which object is shorter, longer, taller, lighter, heavier, warmer, cooler, or holds more.
- Identify, sort, and classify objects by size, number, and other attributes. Identify objects that do not belong to a particular group and explain the reasoning used.
