

Summer Learning Camps!

June 2018

Dear Parents of 2018-2019 Incoming Kindergarten-4th grade students,

Your children are invited to join us in July for summer learning camps! They will be offered Monday-Thursday, July 16-19 and Monday-Thursday, July 23-26, 2018 from 8:30-11:30.

There are four age-appropriate camps which are described on the next page. You may choose to send your children for all eight days or pick the week that best meets your family's schedule.

Summer Learning Camps will help your children get ready for school while also providing enriching, fun activities with their friends. There is no charge for the camps, but parents will need to provide transportation.

Please check out the different camp themes, complete the registration form, and return it to school by **June 26**. Reminder letters will be mailed in late June.

Please return bottom half

Summer Learning Camp Registration

July 16-19 and July 23-26, 2018 8:30-11:30 a.m.

Child's/Children's Names _____ 2018-19 Grade(s) _____

Camp #1 for incoming kindergarten students: "R U ready 4 Kindergarten?" camp

July 16-19 (Mrs. Kim Hill) or July 23-26 8:30-11:30 (Mrs. Stacey Deckard)

Does your child have questions about starting kindergarten: Who is my teacher? Where is my classroom? Where is the lunchroom? What do I do with my backpack? Where is the bathroom?

Starting school can be a scary experience. "R U ready 4 Kindergarten" camp provides students a sneak-peek of what kindergarten will be like. Incoming kindergarten students can attend July 16-19 or July 23-26 from 8:30-11:30. Students will experience daily kindergarten routines, become familiar with the school building, and engage in fun-learning activities.

July 16-19 and/or July 23-26 8:30-11:30 (Mrs. Robin Bush both weeks)

Camp #2 For Incoming 1st and 2nd grade students: Camping in the Classroom

Do you like to camp? Get out those flashlights for reading in the tent. We'll use math to make s'mores. We'll tell stories! Get ready to catch some "fishy" words. We're camping out and inviting you! There are s'more fun activities on the way as we get ready to go on a mini-camping adventure in the classroom.

Camp #3 for incoming 3rd and 4th grade students: STEM! July 16-19 8:30-11:30

(Mrs. Mandy Buskirk)

We are excited to be offering a STEM Camp for students going into 3rd and 4th grades. We will be coding, creating STEM projects, and working with robotics. The students will be given challenging projects that will require planning, designing, problem-solving, and working as a team. The students will be using technology, building sets, robotics, and creative hands-on activities.

Camp #4 for incoming 3rd and 4th grade students: Galaxy of Greatness

July 23-26 8:30-11:30 (Mrs. Kindra Roberts)

The students will be exploring space themed activities while reviewing math, science, ELA, and renewing out-of-this-world friendships. There will be Galactic slime, marshmallow constellations, space rocks, and even creating a "galaxy in a jar"!
